PRODUCT LITERATURE

SARAGUARD-AP

Product Information

Saraguard-AP is a permethrin based moth and beetle proofing finishing agent developed for wool and their blends. Saraguard-AP particularly developed for the fabrics which are meant for outerwear, sportswear, military fabrics, tents etc. Saraguard-AP is suitable for application on all fabrics viz., cotton, polyamide and polyester fabrics. Saraguard-AP is highly effective against moths and carpet beetles. The finished fabric exhibits high fastness to washing and dry cleaning. Saraguard-AP treated garments have a knock-down effect on moths and other flying insects. It imparts long lasting and durable results on the fabric. The product does not affect dyeing either in the same bath or if the finish is applied subsequently. It does not cause any change of shade or impair fastness properties. The finish is odorless and has no negative effect on the handle.

Key Features & Benefits

Key Features -----	Benefits -----
Knock-down effect on moths and other flying insects	Protect against bites of an insect that transmits an infection
High fastness to washing and dry cleaning	Withstand multiple home launderings

General Characteristics

Physical appearance	: Pale yellow liquid
Ionic nature	: Nonionic
pH of 1% solution	: 6 +/- 1
Miscibility	: Miscible with water
Compatibility	: Compatible with anionic, cationic and nonionic products
Stability	: Stable to dilute acids and dilute alkalies

Padding Process

Saraguard-AP	: 70-100gpl
Saralink-ULF	: 20-30gpl (Optional)
Pick-UP	: 70-80%
PH	: 5-6
Drying & Curing	: 120-140°C
